Agreement for deposition of cultures at SCCAP (latest version: 11-06-2015)

Species:

Synonym:

Order:

Family:

Class:

Locality:

coordinates:

Country:

Habitat & Salinity:

Collector:

collection date:

Isolator:

Isolation date:

Isolator code/strain no.:

Medium:

Temperature (°C):

Light intensity:

L/D cycle:

Transfer interval:

Source of isolation (e.g. water sample, sediment etc.):

Isolation unit (e.g. single cell, colony, cyst, germling etc.):

Isolation method (e.g. pipetting, serial dilution etc.):

Purified by:

Identified by:

Axenic: yes ☐ no ☐

State: **Clonal** ☐

Unialgal ☐

Authentic culture ('typeculture'): yes ☐ no ☐

Special properties (e.g. toxic, lipids etc.):

Patents: no ☐ yes ☐ ; if yes patent no(s):

Other culture collections:

References:

1. SCCAP has unrestricted rights to distribute and sell the deposited strain specified above.
2. The transfer of intellectual properties are not included in this agreement

FAX: +45 33134447

3. The depositor has read and agrees on the terms in the SCCAP MTA
5. The depositor can never claim withdrawal of the deposited strain from the SCCAP catalogue
6. SCCAP has no responsibility for any changes or loss of the deposited strain during maintenance.
7. SCCAP has the rights to stop the maintenance and distribution of this strain
8. The deposited strain can be freely used for research & commercially purposes ☐; - OR the deposited strain may only be used without any restrictions for research, i.e in case of commercial use ABS needs to be negotiated with the depositor/ national authority of the country of origin ☐
9. Documentation of the legality of the deposited material:
The country of origin of the deposited material has free access to their biological resources
yes ☐; Notice: If registration form are required prior to collection, a copy of this form are needed)

no ☐; if no:

- ☐ reference number to the ABS Clearinghouse: OR
- ☐ copy of the PIC & MAT certificate included OR
- ☐ copy of other relevant documents from official authorities from the country of origin

The depositor approve the correctness of the above information and conditions
